

## **The right financial product to meet YOUR specific needs!**

DM3, LLC is providing financing through a licensed lending institution that has specialized in providing financial solutions to small businesses throughout the nation for over a decade. We understand that one size does not fit all when it comes to financing. With your unique business model in mind, we specifically developed our Working Capital Loan to provide the funds you need with the flexibility you want.

### **Industry Leading Rates**

Our loan rates are often 20% to 30% lower than most cash advance companies. Lower rates mean lower financing costs, lower payments, and often higher loan amounts.

### **Customize a Loan that Fits Your Needs**

We offer numerous term and rate options, so you can customize a loan that fits your needs. We also have the longest terms and lowest payments in the industry.

### **Pay Off at Any Time**

We know flexibility is important, so we allow you to pay off at any time and only pay for the time you used the money. The other guys won't do that.

If you are a Doctor, Dentist, Orthodontist or Veterinarian seeking a medical equipment loan, or any other financing for your practice, contact me today to learn about how we can help you.
